Brooks High School

**Vision Statement**
To create positive futures for all within a safe and supportive learning environment that fosters team work, flexibility and the development of strong relationships.

**Values**
- Be a learner
- Be safe
- Be responsible
- Be a friend
- Be respectful

**Motto**
Everybody Work, Everybody Help

**Teaching Values**

At Brooks High School
- We value learning, aiming high and celebrating success.
- We learn best in a caring, safe and supportive school.
- We are responsible for our own actions and learning.
- We value friendships, fairness and equity.
- We respect ourselves, our school and our community.

**Beliefs about teaching and learning at BHS**

We believe;
- in excellence in all parts of school life and hold high expectations of all
- that all students are able to learn regardless of background
- maximising individual literacy and numeracy skills will provide students access to society and further learning
- positive outcomes will be achieved when staff work in collaborative teams towards agreed goals
- flexible programs enable all students to learn successfully
- students and staff learn best when there is a supportive and secure environment where people demonstrate care and concern for each other through good relationships
- that students should develop knowledge, skills, attitudes and values that will enable them to participate fully as active and informed citizens
- that celebrating achievement and success of individuals and the school community is important.
- feedback to students is an important part of learning
- in lifelong learning
- all students have the right to learn without disruption
- successful education is a partnership between home and school
- in students understanding local, national and global issues.
- every individual is responsible and accountable for his/her own behaviour and learning.
- that quality teaching and learning and strong relationships are the cornerstones of students’ engagement
- teachers make a difference
